

FINARTEL CAPITAL AIFLNP V.C.I.C. LTD Business Continuity Planning Disclosure

Finartel Capital AIFLNP V.C.I.C. Ltd maintains a Business Continuity Plan ("BCP") that provides a course of action for the assessment of a significant disruption to fund business and for the continuation of firm business following such an event. The BCP consists of firm-wide and department disaster recovery plans and includes the formation of the Finartel Capital VCIC Ltd Incident Management Team ("IMT"). The IMT serves as the central source of coordination and communication in the event of a significant disruption to our business. During such an event, the IMT would first ensure the health and safety of our employees, and would then oversee the re-establishment and continuation of business processes pursuant to the BCP. The IMT is responsible for evaluating the disruption, implementing the appropriate plan of action, and coordinating recovery efforts.

FINARTEL CAPITAL AIFLNP V.C.I.C LTD has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Contacting Us – If after a significant business disruption you cannot contact your registered representative as you usually, you should call our number

+357 25 057 150

+357 96 143025, + 357 95 580625, hq@finartel.fund

or go to our website at www.finartel.fund

If you cannot access us through either of those means, you should contact the firm listed on your quarterly statement at the phone number that they publish on the statement for instructions on how it may provide prompt access to funds and securities, enter orders and process other trade-related, cash and security transfer transactions.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our business continuity plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our investors prompt access to their funds and securities if we are unable to continue our business.

FINARTEL CAPITAL AIFLNP V.C.I.C LTD backs up our important records in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, we have been advised by our direct business partners that their objective is to restore their own operations and be able to complete existing transactions and accept new transactions and payments within a reasonable time. Your orders and requests for funds and securities could be delayed during this period.

Varying Disruptions – Significant business disruptions can vary in their scope, such as only our firm, a single building housing our fund, the business district where our fund is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our fund or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within one trading day. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area, and recover and resume business within a short reasonable time. In either situation, we plan to continue in business, and notify you through our website www.finartel.fund or our investors emergency number +35725057150, +31203697353 or hq@finartel.fund

If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our investor's prompt access to their funds and securities.

It is Finartel Capital AIFLNP V.C.I.C Ltd intention to minimize the recovery time necessary to resume operations. Finartel Capital AIFLNP V.C.I.C Ltd conducts regular testing of the recovery facilities and systems in order to ensure clients will be able to access their funds and securities within a reasonable time following a significant business disruption. Clients should be assured that Legg Mason's phone systems and website will be available and updated with information on how clients can access their funds and securities through Finartel Capital AIFLNP V.C.I.C Ltd back-up systems.
